“ My memories of Cathy start back when she and my mother were in the assisted living section of Palmettos and we would be at the the dining room and Cathy loved her music and would always ask for it to be turned up. Mom always got a big kick out of it but was glad cause then she could here it too. Cathy was always fun loving. Then as they both moved on to memory care I had the pleasure of meeting her daughter Cathy and spending many an afternoon talking Cathy's husband Joe. I recall whenever there was a special event Joe and I would sit with Cathy and Mom and watch each of them devour as many sweets as they possibly could, then take more back to their rooms for later! They LOVED their sweets. In the past year I got to know Cathy's daughter Cathy better. We would always compare notes as to how our Mothers were doing. Then early last week, after not being able to see our mothers in person for about 2 months we passed in the lobby of Palmettos and were shocked to find neither of them were doing well. The next 3-4 days we communicated through the staff asking how each was doing and the girls would always say whenever I asked...Cathy just asked about you too! We both never left our mother's sides all week and I wouldn't have had it any other way. Cathy was very devoted to her Mom and is a kind, wonderful person. My heart goes out to Joe, Cathy and your entire family. I truly know exactly what you are all going through at this time. We will bury my Mom tomorrow. God Bless you all. Bev Mason

She and Bud were there for us when my parents passed and that meant the world to me. She will be forever in my heart and I will miss her. We were family, not by blood but by love.
