“ I can only imagine the great reunion that took place in heaven when this beautiful lady said goodbye to this world. Hilda and I attended school together and share the same church for many years. I believe her family was there to welcome her home as well as so many friends. If you knew this lady you were blessed. She was a wonder good friend to me. We will miss her smiling face and good works; but God has better things for her to do now. God bless her family that is left behind. Our heart and prayers are with you. Elaine and AJ Gore

Conway Medical Center has a great progressive radiology department because of her massive hours of work and organization. Our prayers are with the family and friends of this great southern lady. “ Looking for words to express the feeling now are almost impossible, Miss Hilda was my boss for many years at CMC. During my time there with her she was always there for the support of her staff and her beloved Conway Medical Center. I can only hope that I have some of the Professional ethics that she shared with the world. She truly loved her profession, but she loved her family even more. She was so proud of her Grand children. A truly Southern Lady, May God give her family peace and comfort.

“ Sweet Hilda, you will be missed by so many. I think of the hugs and conversations we shared as I made my rounds shaking hands and just loving on the saints of God. You were a beautiful woman and you always blessed my heart. I know you are walking the streets of gold and fellowshiping with your precious Grant who went on before you. I can't imagine talking with all your loved ones and loving on Jesus. No more pain or suffering. No more experiencing the craziness that is going on in this world. I pray that the Lord comforts all the family and friends.

“ Hilda Johnson was my boss for many years, and a more wonderful boss and mentor could not be found. She was a woman of honor and always told the truth fairly and without rancor. If we all lived by Hilda's ethical standards the world would be a better place. She has been greatly missed as our radiology director and the community has lost a true woman of valor.

Thank you Hilda for all you taught me.

“ Dear Jamie, I cannot imagine the losses you have been through In the last several years. Your mom was an outstanding lady in every sense of the word. Even though she was a very successful businesswoman, her greatest accomplishments were you and Gina. I know you hurt but I keep thinking of Gina's happiness that her mom has come home. I pray that you can find happiness in knowing that some day you will all be united again. Go bless you and your family

“ I only had the divine pleasure of knowing Mrs. Hilda for a very short time before her passing through her sister, Sandra, who is my neighbor, second mother, and beloved friend. We had two things very much in common: radiology stories and dry, sarcastic senses of humor. Therefore, we got along famously. I only got to spend about a week with Mrs. Hilda while her sister cared for her, but I gained so much respect and felt I came to know the kind of wonderful person she was within that short time. I will always treasure that short week filled with stories, laughter, and even few tears. I also want to take a second to recognize Mrs. Hilda's sister, Sandra, for all of the time, energy, and love she poured into caring for Mrs. Hilda. My most heartfelt condolences go out to the family and especially my sweet friend. Y'all will be on my mind and in my prayers.
