

Lisa M. Milat

October 28, 1959 - December 25, 2019

Lisa M. Milat, the greatest of gift of love to all of her family and friends, passed away on Christmas Day, 2019 after a brave journey related to a long battle with severe mobility challenges.

Lisa was a New Jersey native who joyfully relocated to Myrtle Beach, South Carolina in 2014. She was an independent professional woman who worked within Clinical Trial reporting for a large pharmaceutical company before she retired to Myrtle Beach but was active as a volunteer in the pain center within the Tideland Medical system.

We called her Diamond Girl because she always wore the most beautiful sparkling rings along with the prettiest clothes and always, always, perfect lipstick.

She loved God, she loved children, she loved her friends, but most of all, she fiercely loved her family and took great comfort in the assurance that she was fiercely loved back.

She will be ever present in our hearts as we look ahead to the day that we see her once again.

Memorial Services will be held at 10:00 AM, Saturday, December 28, 2019 at Goldfinch Funeral Home, Litchfield Pawleys Chapel, with Reverend Wil Keith officiating.

In lieu of flowers, please donate to a children's charity of your choice in Lisa's name. Goldfinch Funeral Home, Litchfield Pawleys Chapel is in charge of the arrangements.

Comments

“ My name is Anthony Locarro and I lived in East Rutherford. I started going to the Milat house when I was in 8th grade. I would go to visit Maureen the older sister of Lisa. I was always welcome and grew to know the Milat family well. I don't have a specific memory but the rest of my family went to East Rutherford/Becton with the Milat family. Maureen's daughter Taryn is my god daughter. My condolences to the entire family.

Anthony Locarro - January 01 at 03:42 PM

“ Rest in peace my SIL. You have suffered too long and the pain you endured affected all your family members. For such a caring and heart of Gold girl, I can only say she will be missed terribly by those of us on Earth but she has brightened Heaven with her presence. She now has the much needed comfort of all her relatives that have passed before her as she gives them the beautiful gift of her presence.

“ Lisa is my very dear friend. We shared a lot of good times together and always kept in touch with each other over the years. I am very saddened by her passing and I know she is finally at peace. Listen to your favorite music and sing. Catch up on your reading books too...
With love in my heart, I know you are in God's hands.
Rest in Peace my friend!
Love,
Noreen and Denise BABY!!
