“ I have known Bob since about the 7th grade. I can recall, like it was yesterday, riding with the handsome fellow in his dad's new Mercury making a left turn off of Route 30 onto Broadway towards Arlington. My recalls about him are, for whatever reason, vivid. Those memories don't include any incidents of anger or temper tantrums. He was, as a young man, Mr. Stability. We did the tour at the Plantation a few years back and he did one super job as our guide and driver. In short, when I think of Bob, the memories are all good.

We moved from the Carolina's on the 22nd of August and returned to the area of our childhood.. In fact, yesterday we rode past Bob's home as a teenager on Washington Road which is about 1/2 mile from my childhood home.

Distance and exhaustion from getting ready to move and putting all the stuff in place in our new home preclude a trip for the service on Saturday. We just don't have enough energy. We will, however, be with you in our thoughts on Saturday.

Our condolences to Dolly and family are extended with deep sincerity.

Jaye and I enjoyed spending some time with Dolly and Bob in the Carolinas. From North Versailles and Wilmerding to the Carolina beaches. Knowing that you (yunz) guys were close by added to our joy in "Paradise."

May our very good friend rest in peace. He was special.
