“ He was a classmate of mine with many great memories from elementary to high school He made it relaxing during junior play practices as well as senior follies One story that stands out we were playing baseball between the two 5th grade classes and Ty said we were ahead by 2 runs and Rodney Wise said it's a tie Ty I will never forget that He was always upbeat

“ Ty was my father, we had a lot of miles between us but we somehow made it work and kept in touch through the good and the bad. My dad was the hardest working individual I've ever met in my life, and I will forever admire that. He always told my brother and I to keep our nose in the wind and eyes on the horizon, I will never forget that. He taught us accountability, work ethic and how important family is. 68 is too young to go. Was hoping to spend more time with him in the mountains in his retirement, but God needed him more, I know he's got a lot planned for him up there. We love you Pop and I'll see you on the other side

“ Grew up with Ty at Carrollton Christian Church and at Carroll County High School. Mike and Ty played music along with Dennis and Bobby in a local band. Those were the days. Fly high Ty. I am sure that you and Dennis are looking for guitar players and singers. Prayers for your family in this heartbreaking loss.

“ Ty was a friendly & funny boy in Carroll County High School & at the Carrollton Christian Church. He was a year before me in school but I had several classes with him. He loved to pick & test me. That's what made him so likeable as well as a son of a preacher! It has been a while since I last saw him but I smile as I remember his laughter & saw his smiles. My sincere condolences to his family & friends. Rest in Peace Ty.

“ Ty was my dad. We had a lot of miles between us, but we kept up with each other through the good and the bad. One thing I will always cherish are the life lessons he taught my brother and I, accountability for our actions, good work ethic, and keeping our nose in the wind and eyes on the horizon. Going to miss you so much pop...we love you and see you on the other side
