“ *Always upbeat and joyful with a strong faith in her God that was always evident even while engaged in the battle for her life. Will miss the photography opportunities we shared at Huntington Beach State Park and with the Carolinas' Nature Photographers Association. Vicky will be missed but I'm confident that she is rejoicing in Heaven even now. While I never met any of her family, I will be praying for you during this difficult time.*

*Vicky was very special and will be sorely missed.. I will miss her smile and her laughter. I will miss our lunches and our talks. I loved her egret photographs and have some hanging in my home. She was so particular with the dimensions, the direction the birds were looking, even the lighting. She saw God's creation in her photography subjects.i know she's at peace now, resting in God's everlasting arms.
Bye for now, Sweet Friend. Sharon Thompson*

I will miss seeing your silver hair and gleaming smile coming towards us on the beach, but I know that you are with your Saviour and we will see you again. Prayers for all who are feeling your absense, and there are many, but especially Tom and Mark. She leftt so much beauty in our hearts.

Have known you for what seems like a short while. I feel robbed to know that it has ended so soon. Two short years and remembering the first time I met you and realizing what a special person I was talking with. There are not many like you out there.
