“ I met Dave and his family when they first moved to CT, when I was in third grade. I remember him being the best dad to his kids, and also treating me like his own. He would always play kid rock on his drums and us kids would always dance around him. He has left this earth too soon, but definitely made a big impact on everyone he met.

“ I met Dave when I was 8. We moved in right up the street and I remember hearing these drums. I'd run up the road to see him jamming on his drum set. It was magical the way he kept up with the song playing in the background. I was grateful to call him a friend for so many years and then blessed to call him family when I married in. Truly a great man and I will miss you lighting up the room. We love you. Becky & BJ
