“ Linda and family, My family would like to extend our deepest sympathies during this very difficult time. I have volumes of very wonderful childhood memories of your mom - many of which remain an inspiration to me today. More importantly, these have instilled important values in my life when I was just a child. You will be proud to know that I am now passing these lifelong values on to my own children. For this I say thank-you with all due respect to you mother for being such an important part of my childhood. God bless and please know I am thinking of all of you.
