“ Even though our faith tells us we should rejoice that our loved one is with God, it is still difficult for those left behind not to feel sad and lonely. May His peace and the comfort of friends see you through this difficult time. Annette will always be a butterfly on a winter's day.##imported-begin##Milton Gantt##imported-end##

“ When I first met Annette in 1982 we were students at Horry-Georgetown Technical College in the Secretarial Science Program. We were both young and just beginning to taste all that life had to offer. Annette was a part of our group of young girls that became close during our two years at Tech. She kept all of us grounded; she made the Lord the focus in what we did and all the fun times that we had. I remember when Annette met Donald and she fell head over hills in love. Of course, we all went on to graduate and some chose to further their education others chose different paths, but we all began to experience life to the fullest. I saw Annette a few years ago when she came by office and that vibrancy and zest for life was still shining as it did 24 years ago. Hold onto her by knowing that she truly touched each person she met and made a substantial difference in all her endeavors. I will pray for your family, but know the angels are singing for they have brought home a true jewel. Love, Robin###imported-begin###Robin Awalt###imported-end##

“ Our thoughts and prayers are with your family in this difficult time. Take comfort in knowing that she went to God quickly. I do wish that I could have done more for her that day, but it was out of my hands. I did what I would want done if it were one of my family...pray with her and give comfort knowing she was not alone. God be with you all.
