“ *In the short time that I was acquainted with Art, I could tell, as everyone else could too, that he was Jane's rock as she was his. The sense of faith and family that they shared was the strength from which they drew upon for a lasting, loving relationship that was truly obvious to everyone around. We will all miss Art, but we know he is still and will always be Jane's strength more now than ever.* *##imported-begin##Chris Clark, Suzanne Figel##imported-end##*
