“ To the Krupp family,
As a fellow math teacher, a parent of his student and friend, I offer you and your family my sincerest sympathy. God has gained an angel in heaven but rest assured that the special angel is watching over his family. May he rest in peace.

“ I am so sorry for your loss. Please accept my deepest sympathy. May you find comfort from your memories, as well as the comfort found in God's word the bible. In particular the scripture found at Revelation 21:4 which says, "And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away."

“ To the family of Artie Krupp

He was a fine person, a super teacher, a great coach and helped his fellow teachers at Jonathan Dayton Regional HS. He will be greatly missed by all. May he rest in peace with God.

“ A Christian's spiritual gift represents what God does in him to shape his perspective in life and motivate his words and actions. Arthur Lowell Krupp accepted God's gifts and served the Lord as a master teacher and coach. As a master teacher, Arthur Krupp guided his students to find their own spark in learning. In doing so, his young learners developed a love of learning mathematics. Students and staff alike would surely attest to his remarkable dedication to inspire; his attainment of teacher-of-the-year accolades would cement a foundation of his commitment and pursuit of excellence. As a coach, Arthur Krupp did not simply teach a particular sport, but rather he built athletic programs. His athletic programs were predicated on outworking his opponents along with building relationships with players in demonstrating a genuine care both about them and their lives. Arthur Krupp had an uncanny knack to motivate others-much like that of a mathematician-he was able to read and analyze what was needed for each player and the team. Today, he has inspired a nephew to pursue a career in teaching and coaching. On Sunday, Arthur Lowell Krupp was summoned to what I believe is HEAVEN. Here, he shall be reunited with nanna, his father, mother, and his brother Lawrence (Laci).

God Bless,

John E. Krupp, Nephew

I just saw this obit and want to extend my condolences to Mr. Krupp's family and friends. Mr. Krupp was my math teacher junior and senior years of high school from 1971 to 1973 at Jonathan Dayton Regional HS in Springfield. He was a wonderful teacher. He took complex concepts and made them so easy to understand. And wow, what a great guy; he always had a smile and encouraging words for his students. I will always remember Mr. Krupp fondly.

“ *Mr. Krupp was about the best math teacher I ever had. He made calculus not only understandable, but kind of fun. I'll always remember one lesson on limits in which he used one of those comically large chalk compasses to create a perfectly clear illustration of what he was talking about on the blackboard. When I look at all the electronic smartboards that my children have in their classrooms now, I think fondly back on Mr. Krupp and how effective he was with stone age tools. My deepest sympathies to his family; please take some comfort in knowing how many lives he affected so positively.*

“ Mr. Krupp truly was one of the best teachers I had at Jonathan Dayton. He loved what he did and it showed. It was because of Mr. Krupp that I pursued Math as a major in college. Mr. Krupp had a wonderful way of relating to the kids in his class. I will always be thankful for all he taught me. God bless Mr. Krupp. My thoughts and prayers are with his family at this time.

“ Artie was a good man, teacher and leader. Our world may be a little darker today, but we can take solace in the fact that Heaven is a little brighter with Art there.

“ Mr. Krupp was a one of the very best teachers I ever had. He was tolerant and patient and knew how to approach students on an individual basis, and he made learning fun. I fondly recall our early morning calculus conferences and trying to absorb the lessons being presented. He had an uncanny ability to intertwine his wonderful sense of humor in many of his lessons (like "proving" how $2 = 1$). He was able to provide a great foundation for me as I entered college in 1979 - paving the way for the balance of my education.

I will be forever grateful to Mr. Krupp as well as many other of my High School teachers (see Carol Dragon above). He truly was one of the best math teachers ever and I will always remember him with smiles.

*Respectfully,
Adam Williams, Class of '79*

“ God Bless all the Krupp family at his very sad time. I am shocked and sadden by this loss. I have so many fond memories of Art Krupp at Jonathan Dayton and always enjoyed being part of the math department with him. Special memories of pool parties at his home with the math dep't. Student still rave about his teaching. He was one of the best math teachers ever. God bless your soul Art.

“ *Mr. Krupp was an outstanding teacher and coach. I cherish my memories with him on the soccer field and in his calculus class. I remember our long talks about life, especially the one when he shared with me all about how he converted to Catholicism. He made a big difference in my life during my high school years, and I have often thought about him long after our time at Jonathan Dayton together. I became a teacher and a coach after college. I always think about how nicely he treated his students and athletes, and I try to do the same. I admired him so very much; he will be missed greatly.*

Please accept my deepest sympathy. I will pray for Mr. Krupp and his family.

We often wondered if Art ever slept. If he wasn't teaching, he was coaching, if he wasn't coaching he was working at Sargent-Welch with Steve and myself. If he wasn't doing either of those he was leading the American Federation of Teachers Local 3417, serving as Treasurer, President and contract negotiator for many years. So many owe him so much. All who knew him will miss him.

Peggy, I was so sorry to hear this news. My deepest sympathy to you and your family. Peace be with you.
