“ *My precious first born granddaughter was always so very sweet and loving. There was such a beautiful soul inside and out. She had a huge heart and a smile that lit up a room. I am so proud of the mother she was to Marley and was so looking forward to seeing them both this Thanksgiving. We sometimes do not know or understand why God calls our loved ones home, but she is now in his loving arms and at peace. Nana loves you Ashley and will always love and miss you until we meet again.*

Our heart is breaking for you Judy! Lord, please give my lifelong friend/sister and little Marley peace that surpasses all understanding during this difficult time. I ask that you strengthen them and help navigate the grief and heartbreak they are experiencing. Fill their hearts with only thoughts of all the many good times and the realization that they will meet again. Absence of the body is to be present with the Lord. I love you Judy. Even though I'm in Phenix City, know that I'm here for you at any time. I'm just a phone call away
