“ Dear Aunt Beth and Family, When trouble comes, we often say, "Why did this have to be?" But blessings come in many ways that sometimes we can't see. Everything that happens is part of God's eternal plan. Today what seems a mystery in time we'll understand. Remember prayers are with you to give you strength today. Call on those of us who love you to share with you along the way. Uncle Sonny will live in the hearts of everyone that loved him. You are all in my prayers. Love always, Lorey and Bryanna###imported-begin###Lorey and Bryanna Ellis###imported-end###

“ To My Sister and Her Family, There was no other in the world like my brother-in-law, Sonny. He was always joking and funny with a great sense of humor. I can remember giving him haircuts and he would always say "just put a bowl on my head and cut my hair." He would of done anything for anyone, he was just that kind of person. He will surely be missed. God Bless all of you. Please take care, you are constantly in my prayers. Love, Bev###imported-begin###Bev & Bob Scales###imported-end###

“ *Beth and Family, Our love and deepest sympathy goes out to you. We were so overcome when we heard the news. There are so many good memories of our families together at different times in my life that its hard to pinpoint just one aspect of such a wonderful man. Of all my thoughts though, one constant memory for me is that wherever life had taken your family , whatever the circumstances at that time, you could never mistake his love for you all. He always wore that in his huge smile whenever he spoke of any of you and his grandchildren. We are proud to have been able to share in a part of his and your lives. I will always hold Sonny and your family in a special place in my heart. With love and great sadness,*

“ Dear Beth, Sue, Anthony and families, There are no words to express the emptiness that fills our hearts with the loss of Sonny. He was one of a kind..and there will be no one ever like him again. There are so many happy times and memories when we think of him. Benjamin B..they named him well when they called him Sonny....He always brought a smile to your face just hearing his voice. As long as there is Connytown, they'll always be Sonny. One of the best men we had the pleasure of knowing. I am so sorry that we can't be there with you all in this time of need. There is not a day goes by that you all, are not in our thoughts and prayers. We love you all...##imported-begin##Pat & Drew Hanna & Family##imported-end##
