“ I spent most of 2022 training and working with Ben for our deployment to Poland as ADAFCOs. Ben had such high expectations for himself and always impressed me with how hard he worked to meet them. I really enjoyed getting to know him during our deployment and he often made personal sacrifices for the betterment of his ADAFCO team. We were a small team and really got to know and lean on each other.

He had a big heart and took pride in everything he did, and I wish I had known he was going through hard times. Our prayers are with Amanda, Griffin and Grace.

“ I had the pleasure of working with Ben in his early days as an LT in the Alabama National Guard. Smart, funny, dedicated, and effective. He was a great officer and will be missed. I still have a pair of boots he gave me when he went back to SC. They are emblazoned with a "Y" in black sharpie on the back. Our prayers to the family. Hope to see you in fiddler's green my friend.

“ Teaching MAJ Benjamin Yenicek at the ADAFCO course was a privilege. His unwavering commitment to learning, professionalism, and good-hearted humor made him stand out as one of the best. Despite his aversion to earning the call sign Herman, he embraced it gracefully, knowing that the more you dislike it, the more your teammates who bestowed it upon you love you. His absence will be deeply felt by Army teammates and family alike. Rest in Peace, Herman.

“ I like many others got the privilege to work with Ben at First Robotics. He was a amazing Lead Robot Inspector. Not only did he inspire kids but colleagues as well. He had a great sense of humor and always told me he would dress up as DARTH Vader and would get the rest of the robot inspectors to join. He always told get jokes and was a great guy to be around.

“ I had the pleasure of working with Ben in two venues: at Metglas as a fellow engineer, and in FIRST Robotics as a fellow robot inspector, in fact Lead Robot Inspector. In both areas he paid great attention to detail and always tried to be fair and do the right thing. He definitely made his mark and will be sorely missed.

“ I had the pleasure of being the babysitter for the Yenichek family. SG and G were my all-time favorite kids to hang out with. But the conversations I got to have with Ben and Amanda were always something I looked forward to. My heart is breaking for y'all. The positivity Ben brought to life was contagious. I love you all. “ To the family, I am sorry for your loss, you are in my thoughts and prayers.

I met Ben in the office. From the first day, his positive attitude toward work and life was so uplifting. He never hesitated to jump in and help out, not only to assist others, but to learn, so he could teach others in the future. RIP sir.

“ I first met Ben when I was helping with the children's Christmas play in 2022. Grace was a lamb, and I was working on making her costume just right. Ben made at least three attempts at delivering the pieces that needed adjustments to me. Grace made the sweetest little lamb. Griffin and Grace are so fortunate to have Ben as their dad. My heart goes out to Amanda and Griffin and Grace. With heartfelt sympathy, Carlee Vieux

“ Ben was so conscious to make a good impression on the family when he met us for the first time. He learned that I was working on some welding projects at the time, so he brought me some steel. Has anyone gotten steel as a gift before? I did and I thought it was great. When we were together Wednesday for the last time, I was standing back observing our family and was proud of seeing the size as well as three generations walking together on the sidewalk. What a sight! Ben, you are a sizeable chunk that has somehow been removed from our family and will leave a large unwanted void in all of our lives - family, friends, coworkers, Army.
