Tribute Wall

“ To the family of Bernice, I was blessed to get to know Bernice through the Piggly Wiggly at Litchfield where I am an assistand manager. She would come into the store to shop with the group each week and she just became my special friend. Even after she was no longer able to come on the "bus", her caretaker, Trudy, would occasionally bring her by to say hello to me or she would take a special treat she loved our cookies that I would prepare for Bernice back to the Lakes for her. Please accept my sincere sympathy in her loss and know that she had a special friend at the Pig. Love, Judy Sweitzer##imported-begin##Judy Sweitzer##imported-end##
