Sarah, I am so sorry to hear about your soulmate, I have missed Bernie, and our chats in the morning. I still have the coffee cup he gave me because someone took mine and he went to the beach and found me a nice stainless steel cup and I use it often. He was a special man that I was very lucky to have met. I remember the day you walked in and I did not know you and him were married to each other, I knew you from Carrolls and did not meet Bernie til I worked for Terry at Homewood Depot, he was my guardian angel at the store, he was always waiting for me to get there and that made me feel a lot safer opening up. He will be missed by a lot of people in the community. I will miss his emails. I told Charlie Love and he was very upset, he has not been feeling up to par, he started taking dialysis in January and that is hard to get used to, but he is strong and will fight.

He will be surely missed

My sincere condolences to your family
