“ My cousin Betty had a quite an impact on my life. She helped me get a summer job at Kraft Foods (where Don worked in the cook room) when I was struggling in college. It was there that an HR manager advised me on a career path as an actuary—a path I followed for over 35 years. None of that would have happened without Betty. I will always be grateful for her kindness and the doors she opened.

Our deepest sympathy to Don, Sheri, and her entire family. She will be remembered dearly.

“ Grammy/ Lil Grams! We love and miss you sooo much! I'll never forget the days of you asking me if I wanted either strawberries or bananas on my Cheerios, your home made pizza, you yelling at the tv during games 😊, all of our special times and trips together. You're truly an amazing woman and the best grandmother! You will always and forever live in our hearts and souls and your spirit will always be with us. I wish your great grandchildren could have known you the way Casey and I did but we will be sure to tell them about your amazing love and pass on your spirit to them. Always and forever with us, we love you more than you could ever know!
