“ Betty was like a second mom to me and I loved her like my own mother. I owe her so much. My life would have been totally different had she not been a part of it.

“ Betty always made me feel welcomed and loved as if I was one of her own children. She was a rare successful woman for her time that accomplished everything with grace and strength.

“ *My mama went to heaven early this morning. She’s at peace now, no more pain.*

Even though she worked full time when I was a kid, she volunteered every week. When she retired she became a clown and went to the “old folks” home to entertain them. She volunteered with meals on wheels, helping hands, her church, and was a Girl Scout leader. She became the president of the Charlotte chapter of the American Business Women’s Association, and was a Bell South Pioneer.

She taught me that we should always help people in need, give as much to charity as you spend on yourself.

My family and our world was a much better place because she invested herself in all.

Mama, I love you and miss you so much. Give all that left us before you our love, hold our grand daughter, your great granddaughter Mabel and rock her in your arms and give her the love she missed from all of us. The world has lost an amazing lady.

“ *She was the best mother anyone could hope for. She was fierce when she needed to be and so sweet and compassionate when we needed her. Trying to imagine the world without her. Heaven just welcomed an angel. I miss you so much, Mommy.*
