“ Miss Betty was more than a cousin to my husband Lewis Edwards. They felt more like immediate family when they were around each other. She was as others have said one precious woman loved her dearly. I know we don't have much time here on earth, but I am glad she was able to extend hers as long as she did. She has touched many lives, and God left her here for a good reason to touch more. We are praying for the family. Love you all the next few days months and years will be hard, but we pray God will hold you in his hand and give you comfort just found out about it today an hour ago so I'm not able to make the visit but know that our love is with you always God bless
