“ Sara Ann, I just heard about your Mother passing away. I wish someone could have called so i could have been with you during this. I have so many great memories of your mother and my mother together... and once again they are together again. What great times they had together!! that is a very dear memory to me that i will never forget...the times we spent on the beach and playing in the trailer park..it makes me smile!just thinking about it. I am so sorry i could not have been there i feel that i have let you down... there was not one imporant event in our lives that your mother missed. I pray for you and feel deeply for your loss.
