“ Betty Pearson was a beautiful person. She was bright, thoughtful, loving, and kind and shared her wonderful sense of humor with family and friends. I picture her at family gatherings, pretty dress always, curly hair just so, and ready to help. She was even a favorite of her Mother-in-law, our Aunt Florence. An easily remembered and oft repeated joke that comes quickly to mind now, came every time someone coughed at the dinner table. Bob's Mom would say, "What's the matter, find a bone in your milk?" Betty would be the first to respond with a hearty laugh! It never changed! I loved them both for it!

*Cherish all those special memories, Bob. You picked a "beauty", and she got a "winner" as her happy life's reward! You meant the world to her. Holding hands can mean so much! Fine job, well done!*

*We always enjoy the chance to talk. Let's stay in touch!*

*We send a prayer: God bless you, both, now and forever. Amen.*

“ I simply do not have a memory of my childhood without my Aunt Betty and Uncle Bob there cheering us along, babysitting us, visiting them in South Carolina and everything in between. My sister and I are truly the luckiest girls alive to have been blessed with a third set of grandparents that loved us more than anyone! Every basketball and softball game as well as dance recitals and theatre performances had our loving aunt and uncle sitting in the audience with the camcorder and camera taking videos and pictures. I will never be able to thank her enough for all that she did and all the times she was there for our family. She fought a long time and we have another angel to look out for us to see us through the rest of our journey. Thank you Aunt Betty for the love, laughter and kindness you will never leave our hearts.  
Uncle Bob-We love you so much and you have not left my mind since I heard the news of Aunt Betty passing. I will see you soon!  
Love you!

“ Dear Betty, your seat in church will always be there as a memory for me each Sunday. I have missed you and our coffees afterwards at Dunkin Donuts. I had a coffee and cake donut in your honor yesterday. When I sing in church I'll imagine you singing right next to me. Thanks for teaching me a little line dancing and watching me tap dance. Thanks for the great stories of you learning to shoot and loving it. You were a gentle soul with a wonderful laugh and I shall always miss your friendship. You are flying with the angels now.
