“ *What can I say about the most beautiful and wonderful woman to ever pass through my life?!? My mom was my best friend and confidant, as well as my mother. She was always there for me, even when I was wrong, and she let me know about it too. She helped me through the dark times of my life, was there to laugh with me during the good times and held me tight during the sad times. I cannot express the deepest sadness I feel at losing the most precious part of my life. I know she is in a much better place now, as she is with the Lord, my dad and my brother, as well as the rest of the family that passed before her. She no longer suffers. She was and is the greatest woman I know. I loved her with my whole being. Mom, rest in peace now and I will see you again some day. Your loving daughter, Wanda*

“ *My grandma was a kind spirited woman who I had many night visits and phone talks with concerning her late husband about his salvation and she assured me he was ready . Then one day her husband did the same for me . She was always compassionate and passionate about her family and her indoor flowers . Grandma always made sure as a kid that I had plenty of star wars toys ... she also cooked the best country foods and banana pudding. I was proud to be her grandson and still am . Last thing , she taught me how to make cheese grits and her home cooked popcorn in brown paper bags will always be tasted in my mouth. She knew what she was doing and how to do it right. Will love and always miss you Grandma Adams . See you at home when I come home , not the house , to be with you.*
