“ My Grandmother always loved to cook / spend time with family i can remember many a day sitting around the fireplace watching Ravens Football, Eating Mac n Cheese, Pumpkin Logs, Sweet Potatos with marshmallows, or her Famous Lemon Maraigne Pie (was always fun to cook with her).

Sometimes we would spend a few hours in the yard working on the flower garden and soil together and learning about plants and yard work while other times would get to see the cool photos like the time my grandfather and her went shark fishing or doing Christmas present wrapping with her or even when i was really little using my bulldozer bicycle on the rockwall near the driveway or racing the gardening carts down the driveway past the cicadas and acorns. We knew every time we went over to Mawmaws we were in for a nice time and a great meal.

“ I remrmber when Julie and Gary first brought their new puppy Charlie, after pucking him up, to a coworker's house for a dinner. They loved this dog so much and Julie was so much in love with him. When Charlie passed she contacted ne m and told je they got Goose. I remember the the Iguana, Miss Piggy also. Her love for her grandkids and animsls was so special. I am sp happy to kknow that I abke to understand her and to have a bondbwith her. I am so glad her and I have kept in touch over the years even after she moved to another state. I will miss her and I wish Gary and the family the best.
