“*Durwood was the kindest, most supportive and knowledgeable boss anyone could ask for. He was a devoted family man and even after we retired and left South Carolina, I enjoyed texting with him, especially during football season and holidays. He always asked about my family, even when he was no longer able to speak to me except by texting. I will greatly miss my former USF boss and good friend. He was head and shoulders above other men, in every way. Thank you Durwood, for being Durwood, and being the outstanding leader to all of us at USF. ---Rick Bennett*

“*My deepest sympathy to the entire Owens family. My family and I have known Durwood and all the "old school guys" from PYA/Monarch since the mid 1970's. I remember my dad let those guys use our restaurant for several sales meetings and they would cook and try out new products. Durwood always had funny stories to share of my grandfather who ran CINO's at Coastal Carolina College. I always admired Durwood for his character. He believed in customer service and the small business person. No matter what position he held within the company he would make time for me. He supported our business from day one. If I called with a problem, he never told me no. He said "we can get it worked out". He NEVER let our business down! He was a great man! Rest in peace my friend.*

“ I’m heartbroken but so grateful to know Durwood. My prayers continue for Connie & family. This is an incredibly hard day for all those who loved him. But to know Durwood professionally or personally, you have memories that will be shared for years to come. One thought- punctuality was not one of Durwood’s greatest attributes, as many who worked with him know, but this is one of the reasons why. No matter what was going on, he answered his own phone, he took on tasks that could & should have been handled by others, and he invited anyone who stopped by to come have a seat and talk, and talk. He wanted to talk about you. He asked about you. You. Am I right? I’ll never forget him. I miss him.

“ Thanks to Durwood I was afforded the best job of my life. He was instrumental in me getting hired as a Meat Marketing Specialist for PYA/Monarch back in the 90’s. I enjoyed almost 15 years of service with an outstanding organization, which was a direct result of his great leadership as president of what is now US Foods. Durwood was my mentor and go to guy for all the good and sometime trying times, and ALWAYS had the answers. My heartfelt thoughts and prayers go out to Connie and the entire family. May God Bless you All 🙏 Keith Skipper

“ My daughter just called me to let me know about Durwood's passing and I am so sad. He was a great friend. I attended Coastal Carolina College with him (many classes together as well as together in a study group many times), and we graduated together. As well, Durwood and I started working at PYA Monarch in Conway about the same time. I left PYA 5 years later. Let it be known to all that Durwood was a "First Class" individual and a pleasure to be around. My heartfelt prayers for Connie and his family including Martha Howe, his sister and Bill Howe, brother-in-law, all "First Class" like Durwood.

Rest in Peace Durwood. You will be truly missed here.

“ *Durwood was one of a kind, giant man with a heart like no other and an amazing leader and friend. He made it a purpose to know everyone’s name that worked under him no matter what position they held, he fought hard for everyone. He was a humble man that never forgot where he came from and always was willing to help anyone. He encouraged everyone to achieve their personal best and if you were willing to listen would teach you how to get there. Daddy O Will be greatly missed but never forgotten because he left an impact on everyone that he came in contact with. He set the bar high as one of the greatest in the food sales industry. “ My first meeting with Durwood ..1970 he was a salesman and I drove down from Greenville to ride with A PYA Salesman and my ride with was Durwood ... we met at Mammy’s Kitchen and this big skinny tall guy introduced himself and said “ I just got a new car and we can break it in” ... a Chevette .. no air ... a plain Jane auto.. and here was a guy that looked 7 Ft tall ... In a Chevette. For over 40 years we would talk about the Chevette with no air in July at the Beach.. and back then we wore ties. Loved this guy!

Mr. Durwood was a leader in the truest sense. I will never forget early in my career when he sat down with me on a trip and just talked to me. It meant the world to me. He was always so kind and positive. He was a giant man of a man and not just in physical stature. Even as he was retired, he influenced me. He sent me this long text to congratulate me and give me advice when I received my promotion. It meant a lot to me and I saved that text to refer back to it. Go enjoy your full time job in Heaven Sir. Thank you for leaving a positive example for all of us to live by!

“ . . . I enjoyed being his classmate at Conway High School. In World History Class one day the teacher discussed how the cow was considered to be sacred in India and, even though hunger existed, cows would not be eaten. Durwood blurted aloud, "I bet it's every cow's dream to go to India." Laughter erupted - it was always a fun time when in his presence. May he rest in peace. Life was better having known him.
