

Dr. Carl Edward Weimer Jr., M.D.

July 23, 1957 - July 26, 2024

Dr. Carl Edward Weimer, Jr. M.D, beloved husband, father, brother, friend and proud West Virginian, passed from the arms of his loving wife and daughter and into the arms of the Lord at his home in Murrells Inlet, SC on July 26, 2024 at the age of 67.

Carl Edward “Ed” Weimer, Jr. was born in Cumberland, Maryland to Carl and Janet Weimer. He grew up in Maysville, West Virginia and as the youngest of 3 by nearly 14 and 16 years, he was raised not only by his parents, but also by his two sisters—Libby and Margie—and in his own words, he was “spoiled rotten”.

After graduating as valedictorian from Petersburg High School, Ed went on to attend Fairmont State College before attending medical school. In 1982, he graduated from West Virginia Medical University and joined the United States Navy as a family doctor. There, Dr. Weimer completed his residency and met his future wife, Joanne, and her daughter, Kelly, while stationed in Charleston, South Carolina. Despite being an officer while she was enlisted, he pursued her with flowers and letters, and they began dating in 1986. However, as the

story goes, what really made him fall in love with her were the letters she wrote to him everyday while he was deployed on the USNS Mercy (T-AH 19) performing humanitarian medical work in the Republic of the Philippines and elsewhere in the South Pacific. She wrote him scores of letters everyday, and in those words, he couldn't imagine a future without her. Rumor has it, he still has her letters stored somewhere in their house.

They were married on December 19, 1987 and in July 1988, Joanne gave birth to Ed's first born daughter, Kaitlyn "Kaitie-did"—which Kelly was ecstatic to finally become a big sister. Before he knew it, he was a daddy to 4 girls with the birth of Abigail Leigh in 1991 and Bridget Madison in 1996.

During his time in the Navy, he won the Navy Medicine Scholarship and with that he entered his Dermatology Residency becoming Chief Resident in his last year before graduating in 1992 from the Medical University of South Carolina. In 1995, Dr. Weimer went into private practice, eventually settling in Myrtle Beach, South Carolina in 1996. Aside from raising 4 daughters, he would say he's most proud of creating Weimer Skin Clinic, P.A. in 2009 and always striving to be "the best possible dermatologist [he] could be."

A highly intelligent, brilliant, big hearted and fun-loving father, Ed Weimer devoted his life to his family, while Dr. Weimer devoted his life to his patients. He raised his girls with love, and taught them to work hard, aim high ("never be content with second best"), be kind to others, never give up, always do the right thing, and always WEAR SUNSCREEN! He was an avid reader and

quite the wordsmith. Dr. Weimer prided himself on the importance of personalized, hand-written letters—something he emphasized to his daughters who took on the trait.

As a hunter and expert marksman, Ed taught all his girls to shoot—and shoot well might I add. His youngest, Bridget, even joined him hunting and became a hunter herself following in the footsteps of her daddy (literally, he always made his children step in his footsteps while walking through the woods so they wouldn't scare away the wildlife). He was an astronomy enthusiast and would love to go to the neighborhood park during celestial events and share his telescope and knowledge with all who were near-by and interested.

A true West Virginia man, Ed Weimer enjoyed spending time in the mountains, hunting, smoking a good cigar, and was happiest when visiting his family and friends in his hometown of Maysville, WV. He also enjoyed reading a good book (historical or fantasy were his favorites), cruising with his wife, and watching a good movie with his family, while his Aussie Doodle Girl, Nella—who he affectionately called “PeeShaw”—lounged in his lap. “Peeshaw” was his favorite term of endearment for puppy dogs.

His last wishes were to be laid to rest in the mountains of West Virginia with his parents, sister Libby, and cousin George as well as many other generations of Weimers. The Weimer family plans to fulfill his wish later this fall.

Ed Weimer's spirit and legacy lives on through his wife, Joanne Weimer; daughters, Kelly Prassenos, Kaitlyn Weimer, Abigail Weimer Rauch (Jake), and Bridget Weimer; his sister Margie (Jack Boor); his grandchildren, Khloe Prassenos, Reid Prassenos, and River Prassenos; his Aussie Doodle "PeeShaw" Girl, Nella; and his grandpups—as he liked to call them—Sawyer, Nuk, and Kenai.

Memorial Services will be held on Friday, August 2, 2024 at 2pm at Goldfinch Funeral Home, Beach Chapel with a reception to follow. Visitation will begin 1 hour prior to the memorial service.

In lieu of flowers and in remembrance of Dr. Weimer, charitable donations can be made in his honor to Operation Smile, Mepkin Abbey or Heifer International.

Dr Weimer was truly an amazing man. Intelligent, compassionate and no-nonsense. His patriotism was unparalleled - how proud he was of his signed Raising The Flag on Iwo Jima picture. Many thanks to his family for sharing him with us patients.

I am so sorry to hear of his passing. I just saw him in May and felt confident I would see him again in 6 months. But I know I will see him again in glory. He was so gracious in acknowledging my service as a police officer and I was very proud of his service in the Navy. I loved his pictures in his offices of the military faces on the magazine covers. He was calm and confident and I respected him. Thanks Doc...I'll see ya again!!

“ I am so sorry to hear of Ed's passing and wish to give my heartfelt condolences to all the members of his family. I was Ed's History teacher at Petersburg High and one of his football coaches from those days. I spent 29 years in the classroom and consider Ed (called him Eddie in those days) to be the best student I've had the privilege of teaching during my career. He was a bit ornery, very talkative, but seemed to know most everything that high school students never knew. He was an avid reader about world events and often posed questions that really kept me on my toes as a teacher. He was the best student and I wish that I had been able to keep in touch with him over the years. I had no idea that he was practicing in Myrtle Beach. My wife and I have had a 2nd home in Murrells Inlet since 2011. We spend most summers here and whenever we can get down here from Petersburg, WV. Again, I'm so sorry to hear about his death and am happy to hear about the legacy that he has left to his family. He will be missed and I am saddened by his passing. Take care!

“ A few days ago I received a letter in the mail from the dermatologist office that Dr. Weimer had passed. I felt so sad by this news. Although I wasn't considered family or a friend of his I felt a great person had left. I've lived in Myrtle Beach since 1992 and had PLENTY of days outdoors and in the sun. Although I never stopped I knew I needed to be smart about my skin. After going through many dermatologists who always gave me the "stay indoors" speech (eyeroll) I was introduced to Dr. Weimer. He's the only doctor (especially dermatologist) that treated me like a person. He always took the time to answer my questions and meet me where I was instead of lecturing me about staying inside. He was always very kind and caring and offered the best options with lots of knowledge and patience. I later had a daughter who I took in when she was very young due to some skin issues. He leveled with her also and made her feel so calm and courageous about her procedure she needed. I was amazed at how sweet he was to her. I have bragged about him, his knowledge, and kindness to many people I know. He was one of a kind for sure and many doctors could use a lesson from him. He will be greatly missed in the medical world. Condolences to the family. Much love to you during your loss!

“ Dr. Weimer became my dermatologist sometime in the mid to late 1990's when he was affiliated with Waccamaw Dermatology. Soon afterwards he left to found the Weimer Skin Clinic-where my wife and I continued seeing him until our most recent appointment just a few weeks ago. We loved and respected our Dr. Weimer. His medical skills were outstanding. I am confident that he saved my life many times by catching pre-cancer cells before that turned into cancer. I will always remember him as a kind, thoughtful, compassionate and thorough medical professional.

I am blessed and grateful to have known Dr. Weimer and to have been blessed by his excellent care and friendship. My thoughts and prayers are with the Weimer family through this tender and sad time.

“ As patients for 20 years, we are grateful for the excellent care Dr. Weimer delivered with kindness and a touch of humor. Our sympathy to the wonderful staff at Weimer Skin Care and all the family. We feel your loss.

Before recently moving to Virginia, we always returned to Vermont for the summer. On returning to the south, it became a custom to bring back a jug of maple syrup for the family. It was always followed by a thoughtfully worded hand written note.

Rest In Peace, Good Man

“ Eddie was my cousin. We were only two years apart, however it always seemed like he was so much older than I was. We would come up to West Virginia our family consisting of my mother Alberta, who was Eddie's father's sister, my father and seven brothers and sisters. We would embark on a visit to my grandmother Lotties home in Maysville West Virginia. We visited every year, it was like a wonderful vacation for all of us when we were little. Ed always seem to teach us something about the farm or something about farm life that always stayed with us, it was so amazing that later in life he ended up being stationed at the Naval hospital at Camp Lejeune in Jacksonville, North Carolina and stayed with mom at our home in Jacksonville for a week or so. Joan, I am so sorry for your loss. This is a very tough time for you and the girls and I know exactly how you feel. May God bless you all and take care of you and guide you. You have our blessings Oscar and Deborah Pearson.

“ I first met Dr. Weimer at the gun store in Murrells Inlet in 2002. I was a young, newly married game warden and had begun new friendships at work and the gun store. I was introduced to Dr. Weimer as a lover of law enforcement, hunting, and of course guns. I immediately took a shine to Dr. Weimer, who immediately noticed something of note on my nose. Within 15 mins he was taking a look at my nose and within 24 hours he was treating my nose. He has been treating my nose since then and has become a family favorite and the kindest Doctor I have ever had. I owe my life to him, some of my friends who saw him as a Doctor also owe their lives to him. We will take it from here Dr. Weimer and know you were loved and always will be. Until another time.....Love Ginger and Steve Pop

“ Dr. Weimer was my doctor since 2006. I had the utmost confidence in his ability to detect a problem (that I thought looked fine) and he was always 100% right. A few times I took him a cake I knew he enjoyed and in just a few days I always received a very nice hand written note of thanks. I last saw him in May of this year and was so glad he was back in the office but was concerned after my visit. My last words that day were "I appreciate you and know you have and will continue to be in my thought's and prayers". He will be missed but fondly remembered as a kind and caring doctor by his patients. My condolences to his entire family, especially his four daughters. Keep the memories close to heart and in time ... they will bring a smile, joy and even laughter.

Ed was a kind man and my back door neighbor. Once when my daughter was in town, I called Ed to ask him about a hair condition with which my daughter was dealing. He said "give me a couple minutes " and then he was at our back door. He came in and spent about 30 minutes with my daughter giving her advice and specific things to try. After he left, I remember my daughter saying, "that's a smart man right there." She wasn't easily impressed but Ed impressed her.
Ed will be missed!

"The real measure of a man's impact is the emotion that comes to mind when you think about him after his passing." -Tom McHale, Guns magazine

Dr. Ed heard that I was in the ER and that no one there knew what was wrong or what to do. He went immediately to the ER and explained what needed to be done. My life was in immediate danger. He went to the hospital every day to consult. I later had to have graft surgery at MUSC to repair damage to my face. I returned to have the incision checked. The eye surgeon was out of town that day. The staff decided to remove the stitches. That Friday night, the incision split open. Dr. Ed was called the next morning, and he came out of his tree stand, took me to his office, and spent 7 hours trimming and restitching the long incision down the side of my face. I owe him a debt I can never repay.

I am heartbroken over the loss of Dr. Weimer. He was the most caring doctor I have ever had. His kindness to me will never be forgotten. When my husband passed, he sent me the most beautiful sympathy note. My husband was not a patient of Dr. Weimer, but Dr. Weimer saw my husband's obituary and sent me that note. He and I shared a love of shortbread cookies. I would drop some off for him and immediately would receive a handwritten thank you note. I am praying that his family, friends and office staff will feel God's love, grace, comfort and peace at the loss of this most amazing man.
