“ Carol was like a sister to harriet and I. All thru high school and for three or four years after we had the most amazing time when we were out and about or at her parents house. My best memories of the late sixties and early seventies are when we were in her company. I remember carol to be a caring selfless person who was always happy .Her (or her mothers cutlass) took us on many an adventure. My deepest regret is having lost contact with her for so may years. Rest peace dear Carol you will be dearly missed you are i n my prayers and my memories of you will forever be with me and cherished.

“ My sister was one of the most amazing person. she would give you her shirt off her back if you needed it. I was very close with my sister. she loves like nobody else could love. we had the best childhood together. we would always have fun laughing about silly thing watching funny movies, our favorite movie together was white Christmas because of the song sisters in the movie. I loved her more than anything. we would talk everyday on the phone everyday. I miss her terribly but I'm glad I got to tell her I loved her before she passed.
