Tribute Wall

“ I had only known Chuck for a short time as a friend, companion and caregiver to him. Everyday I was with him was special. I think he looked forward to seeing me as much as I looked forward to seeing him. He opened my eyes to his world and for that am forever grateful. He mentored me on how to view life and how look at "his" art the way he saw it. I can now look at abstract art and understand what it means. I never though our time would be so short. I talked him into painting one last painting and we would work on it for 15 minutes or so at each visit because his hands were starting to bother him. I just knew we would finish it together in time. He allowed me to paint a little on it as well and believe me I was actually nervous but he complimented me what little I did and said the nnext time I could do a little more. My heart hurts but I will cherish our memories. I want to thank Jeff for allowing me to be part of the family. I also would like to thank Janie for being a friend to me and most of all a wonderful companion to the man she came to love, Chuck.
