“ I was glad to at least say good by to Buddy at the hospital. Natalie as you know he was a very good man, and what I liked about him was he told it like it is. He did several things for me, make business cards, website for Costa Rica and gave me many laughs. He never wanted one dollar for doing all that for me. He will be missed but always remembered in good ways. I went to vist him Friday morning of the week I saw you, and when I asked to make sure he was in the same room, they said he was not, and my next thing I did was to look in the obituary unfortunately.###imported-begin##William Handy###imported-end##
