“ Chris was a very dear friend and one of the best. We grew up near each other in the same sub division and I can not begin to count the number of times he pranked me in one way or another. My family and I adored Chris and his great sense of humor. He will be missed terribly by many. My thoughts and prayers go out to his family in this difficult time.##imported-begin##Amy Leake Jordan##imported-end##

“ My father and Chris's father are twins. Chris is my first cousin. My childhood was filled with fun filled holiday and every day memories. I always think of Chris on the 4th of July as he loved fireworks. Without Chris, I am quite certain I would never have climbed a tree or a school fence. I lived next to an elementary school and we would scale the fence after hours and in the summer to play on the playground equipment. Many summer days were spent together at Tranquiland, our swim club. I remember Chris as high energy, fun and a bright light in my childhood.##imported-begin##April Scott Snedegar##imported-end##

“ I graduated with Chris from BCHS, and spent many fun, memorable times with him. He would call my house when we were in junior high and when my mom would answer the phone, he would say....where's the beef? My mom thought that was so funny. She loved him, as did I. He was a great friend, always laughing and joking. He was loving, caring, compassionate and I know he will be missed by many. My thoughts and prayers go out to the family.
