“ *For Mrs Lucas and the family, I had been a caregiver for Mr. Lucas. He shared his determination to keep moving forward later in his life as I feel he did earlier in his life and accomplishments. It showed me a quality that one has that makes a difference in not only their lives but the lives of others around them. He is someone that I shall reflect on throughout the remainder of mine. My thoughts go out to Mrs Lucas who was there every moment for him. Such devotion I shall always remember.*

“ *Being a caregiver isn't always an easy job, but it's great when you happen to come across "that special" person who makes doing this type of work worthwhile. Clyde was my "special person". There wasn't a day that I spent with him where he didn't wake up with a smile on his face and every word that he spoke was that of kindness and appreciation. Even though I haven't seen him in awhile, he has been on my mind often and he will surely be missed by me.*
