“ Dear Brooks Family: I am shocked, saddened and deeply angered that something this tragic and traumatic could happen to such a wonderful young man. I am proud to say that I had the opportunity to have taught Corey organic chemistry this past semester at CCU. He was, without a doubt, a soft-spoken, kind and promising young man. From what I now know about Corey, he is now in a wonderful place with no pain or sorrow. I pray that your faith in Christ will only be more solidified during this time of unimaginable tribulation. My thoughts and prayers go out to all of you.###imported-begin##Derek Elgin###imported-end##

I will never forget all of the great memories of Corey I still have with me. “ There is a song with the title "Heaven's Sounding Sweeter All the Time"...It means more all the time because our family is moving one by one over to the shores of heaven. If we could only have seen the reunion and the look on Grandma Roberts face when she saw Corey come through the gates! Corey was very special...and the "wind beneath his wings" were the incredible parents he had. Judi and Brooks are wonderful people and they instilled in Corey all the things that people loved about him. Thank God he had them and thank God for the gift He gave them by "loaning" Corey to them for 20 years. This is a sad time for our family but there is a joyous time ahead...We know we will see each other again and that is a hope that is promised in the Bible...That is what keeps us going on. Our love and prayers are with Brooks, Judi, Fran, Karen & kids...##imported-begin##Robin & Wendi Gregg##imported-end##

“ Dear Brooks Family- What a treasure it has been to have known Corey and to laugh with him. He will always be a beacon of smiles and kindness and good times from Santee Cooper picnics, Ocean Lakes golf car rides, and chemistry lab mishaps. He was known to sign or leave notes all over the lab tables and doors at school or write me notes on the edges of his test papers. He easily left his mark on my heart as well. I am a better person for having known him, a better teacher for having taught him, and wish to help spread more of the joy he left in his footprints everywhere he went. My loss is Heaven's gain and I know he is waiting for us there. May God hold you in the palm of his hand until the circle becomes whole again.
