There were to Craig Allen's all the way through high school. One was Craig D and Craig M. It is with a very heavy heart that I am writing this to Craig's family. This is from just one of Craig's Bearden High School many Classmates. My name was Debbie Quigg Hoffman.. We are the class proud class of 1969. It is with heavy heart that I write this to Craig's family. Craig was a wonderful kind young school boy which obviously grew into a loving man with respect for family, work and humanity. Of course, I am not surprised. I am however saddened that this world (who so badly needs the inspiration of Craig..will instead have to miss him.). All I can say is...God must have needed him more. Take care of yourselves...and grief / if you must...but don't grief too long...as I am sure that Craig's love of his family would want you to carry on...just simply being better and thankful that you had him if even for a short time. Love, Debbie Quigg Hoffman and the Bearden High School Class of 1969, Knoxville, TN

“ There are no new words to comfort you in this time of grief. But there are deep feelings of love. You and Craig have always been two of my favorite people and have been thought about many times through the years. Oh, the memories are so many, May God comfort you and give you peace.

“ To a wonderful man that I had the great honor and pleasure of meeting and getting to know at Mike & Edinia's wedding. He became one of my favorite Uncles that weekend. Uncle Craig made us all feel special and loved. He will be missed by all of the LaRusse Family in Massachusetts, Sean, Judy, and Linnell. XOXOXO

“ Craig we miss you so much. I want to thank you for taking a chance on me back in 1995. You were a good leader and friend and taught me a lot. My fondest memory of you is the night I made you come in to let me into the NOC because I had stupidly locked the myself out. The look on your face was priceless. But you didnt scold me and were so fun to be around. Thank you Craig. To the family, please know how much he touched so many people in so many different ways. He was a true friend and the world will not be the same without him in it. Jimmy Everett
