“ *Crystal. Hey it's me your brother/best friend. My life hasn't been the same since you left. We saw each other everyday sometimes I'd come over at 3am. But not one day went by without seeing you. You were my soul mate sister. We did every single thing together. Nobody as long as I live be a better best friend than you. We knew everything about each other. I made you laugh when you were hurting which was everyday. You were brave and kept smiling right through it. Now, over 2 years since you passed I see stuff every single night and day. Something you bought me or mom. Something you gave us. You're still everywhere in our house. Ha and I love that. I still have 2 bottles of your perfume you left at my house. I still spray it and it's like your here. I kept all our text. The girls are sooooo big now you wouldn't believe it. Not one day or even one hour passes without some thought of us together. You were the best friend that anyone could ever ask for no one will ever be able to take your place. We knew everything about each other. We shared everything we weren't best friends we were brother and sister. I know you're not in pain anymore, but sometimes I want you back. I guess I'm a little jealous of heaven having you Instead of us right now. I know how you suffered you were the strongest person I have ever known. I know I'll see you again. I wish you could just text me or call my whole life changed when you left but while you were here, you made my life better. I love you, my sister*

“ *Most of my youth was shared with Crystal. If you saw her, you saw me. We loved shopping together, seeing who could sing the loudest in the car, and I still eat her mayonnaise noodles til this day! We had so much in common, we are both girly girls who loves ruffles, and bling.*

*When I had my daughter, she spoiled her and loved her like she was her own. Jazmine has never forgotten that. I moved and haven't saw her in a while, but we have always kept in touch.*

*The memories and secrets will always be in my heart.*

*I find comfort in knowing you are no longer in pain, and I know you're singing the prettiest song on the choir in Heaven.*

*Until we meet again- Christy* 💜
