“ We met Curtis through a friend here in Myrtle Beach. This friend told us that Curtis was the best all around floor man. We hired him and his work was excellent. We had called him back two years later to install two more floors. Curtis was an honest man and compassionate for animals. He shared many stories about his love for animals and told us about his home in Conway where he adopted many animals over the years. RIP Curtis, you made a lasting forever impression on us. “ Ii knew Curtis through my brother. They would pick me up in that El Camino he had and take me to work with them. I still do today what he taught me all those years ago. He truly was a great friend, just like one of my brothers.

“ *I went to boarding school at The Villa Oasis in Toltec , Arizona in 1982 with Curtis . I remember a sweet boy who was shy and kind . I was several grades ahead of him but when you go to a boarding school you live together and sometimes make friends with everyone. We met up and through Facebook several years ago and spent quite a long time sharing stories about our lives and our challenges. Curtis was very passionate about his animals and how much he loved them . He also was a dedicated fan of the show ' Sons of Anarchy ' and got a tattoo of the shows logo on his back . He always spoke about riding his motorcycle and how much he enjoyed the freedom it gave him and the people he met on his travels. I'm so sorry to his family and friends to have lost Curtis in such a tragic way and leaves us all with a heavy heart , most especially his family. My prayers are with you... may he now find peace !*

Love all the pictures. Me and Bubba sure are going to miss are friend.i can say there will only be one curtis. If you were his friend you had one for life.

Denise Thompson Robertson - April 26, 2017 at 12:54 PM

I was another of Curtis' boarding school friends. The Villa bonded all that went there, it was a time of survival and growth. We were such a small group that the experience shared lasted into adulthood. We may have all grown apart over the years but the re connection through Facebook made us all the same bonded teenagers we were all those years ago. Curtis always hoped we would have a reunion and meet each other again face to face. I am sorry he will never be able to see that dream come to fruition.

I pray that he is at peace in heaven, his soul soaring in the clouds above. My deepest sympathies to the Lewis family and to all of Curtis's friends that cared for him so. Hold each other a little closer as we mourn this tragic passing.

“ *Here and gone in a wink of an eye. Oh Curtis you are one of us who survived The Villa Oasis School in Arizona many moons ago. Everyone who attended school there shared a special kinship that never fades away. I really got to know you through FB posts over the years and many private exchanges. You were always searching for that middle ground a place where you felt loved and appreciated. Well we all loved you my friend and will miss you dearly. I hope to see you again whenever my star fades out. Love you Curtis. Sending my prayers to all the family and friends.*
