“ *What can I say... I am devastated over this. Cindy was one of my very first patients and such a positive and inspirational character. She brightened up the room every time she would visit had nothing but nice things to say about everyone. Her great personality, smile, laughter, and generosity will be sorely missed. May her memory be eternal.*

“ *Cindy was the first person I met when I moved to Blackmoor 20 years ago. She had a good heart and always made you laugh. I will miss the birthday card I got every year for my birthday. You will be missed. Rest in Peace. Mary Jane Duryee*
