“ As we have daughters, David became our "son" during the time that he dated our daughter Jessica during their first years at Carolina Forest High School. One memory that I remembered was that they ate Dominoes pizza almost everyday after school and were so excited when Judy bought them that hot dog maker! He was a thoughtful, gentle and kind young man that we NEVER got sick of seeing at our home day after day! David will be missed, especially by all the lives he touched. Our hearts ache with yours as our thoughts and prayers are with you! All our love, The Barenbergs

“ My family knew David as a result of a friendship between he and our son Brandon Lineback. He visited our home frequently, spending time with Brandon and was always a joy to be around. Brandon considered him a brother and will miss him greatly. He taught our son to play the guitar and they shared a lot of fun memories just hanging out together. It still does not seem real that he is gone. Our family is so sorry for your loss and are praying for you during this difficult time. We were truly blessed to have known David! “ It had been a few months since I last talked to David but I knew anytime we'd get in touch, our friendship would pick up right where it left off. David was a great guy and a fun person to be around.. he made an effort to converse and get to know you. I remember hanging out with David a lot.. we'd spend the day at the beach, sometimes pools.. other days we'd play tennis. A lot of my days were spent with David at his grandparents' house and we'd always sit around and play video games, talk and everyone loved to listen to him play guitar. Man, he was such a skilled musician and will always be remembered as so. I know I will find myself looking at his Facebook page or Instagram page where he would frequently post his jams to remind me of him. David will continue to bring joy to me through his music and I am grateful to have known such a kind soul. Rest easy, brother.
