We shared a Grandson, but I would never try to fill your shoes, they are much too big for me.

“ Dell was my best friend and prayer partner for almost 40 years. We met at General Telephone Co. in 1972. She got me through so many hard times and is the reason I'm married to my husband, Richard. One of the most cherished things she did was come to my house and cry with me when one of my children was in trouble. I will say that no matter what we were going through we always ended with laughter. We just could not hangup without the Joy of the Lord coming on us. Thank you Dell for being the best friend I could have. I love you and I expect my mansion to be ready. Give my son a hug for me. Soon and very soon. Bobbie

“ I love my grandmother so very much and she will be missed so very very much she will always be a part of my life and she will always have a special place in my heart, It is so very hard with out her, and I miss her so very much, but that is very selfish of me to want to keep her here for so long, these last few months have been extremely hard for her, and for us to see her like this, but I know that she is in such a more beautiful, wonderful, amazing, place and she is having the time of her life seeing her deceased family, she was the baby of 11 children. She was truly a woman that lived her life for the Lord and wanted only the best for everyone. And she was a member of the best church in the world in my opinion, it is as she would say " a tongue talkin' devil chasin' " kind of church. She was like a second mother to me, and everyone that has EVER met her knows that if your around her she is talking about "her boy" and I feel so honored to have her for such a long gracious amount of time. Nana, I will always love you and miss you and i cant wait to be there to see you again, your my girl, and I love you with ALL of my heart,

See ya soon!  
your boy.
