“ *Dear Denise,  
So, tomorrow afternoon I'll take a long moment to be with your family and loved ones in my thoughts. I'll remember all the nice memories you've left me, from the very first time you took me to the seaside when I was a young girl, which I've loved ever since, to our last e-mails, for you were a woman of your age. Rest in peace, dear sister and godmother.*

“ My furthest memory of beloved sister Denise goes back more than 60 years ago when she often acted as replacement mother to my Mom Jeannette who had her hands full with 7 children. My life time memory of her as a person is that she was loving, caring with profound human values and very proud of son Francis and baby daughter Nathalie. She was accepting of others as they are and had a good sense of humour. She enjoyed a little glass of wine once in a while and testing her luck at the casino. If I listen carefully, I can still hear her crack a laugh. She had high standards, lots of determination and never held a grudge. She will be missed physically by many but will remain very close mentally to those who had the unique chance of crossing path with her. As for flowers, I will make sure that every time I see one in the future, I will think of Denise and how much of a model she was.
