“ How do you describe the love I have for you, the man that truly saved my life? You were so much more than my Dr, you meant everything to me, outside of my own Mom. You gave me away at my wedding, you cared about me, you were such a great, wonderful and caring Dr. My heart is broken that you are gone but I know that you are healed and will never be in pain again. I will see you again and I love you so very much. Karren Covington Welborn.

“ Uncle Bo to me, I will always cherish the childhood memories I have of you and be grateful for the times, although few, we were able to reconnect and spend time with you in Myrtle Beach. I'm so glad you were happy and at peace when the Lord called you home. His timing is perfect, even though for those you left behind it is so difficult and sad to now have to adjust to your (physical) absence and my prayers will continue to be with them at this sad time. I love you Uncle Bo!
