“ *Denny and I were shipmates many years ago aboard the USS Vogelgesang DD862 . We were Gunnersmates and had great times together. When we came home on the weekends, when we were states side, I drove and would drop him off, then pick him up on Sunday. Both of us would comment about those "other guys" that made the Navy a career and said we'd never become a "Lifer" , look what happened to me.I miss those times, he was and will always be my friend. Jan, I will truly miss Denny.
