“ I am so sorry to hear. He was by far one of my favorite patients through the years. I always loved the stories. And boy did he love Mrs. Florence. He was a good man and will be surely missed.

“ Where to start.....I know everyone thinks their Dad is the greatest, but mine was, he loved to dance have fun and was very smart and would help you in anyway that he could, if you asked him for 5 dollars he would give you 10, that's just the way he was. I am so thankful that I moved to SC and was able to spend the last 4 years with him and get closer to him, I'll miss you and love you very much Dad ❤️❤️❤️ I know you are with Jesus and I will see you again 😊

“ *My Favorite Memory. We were 14 and going to Walt Disney World. Uncle Doc challenged Jim and I to a race from Skippack to Collegeville, and back. If we won, Uncle Doc would give use both \$100 for the trip. If he won we would both give him \$100 each.*

*He let us win.*

“ *I will always remember "uncle" Doc from our trips to Myrtle Beach and our breakfasts at Cracker Barrel or Italian dinners. He would slip me and my brothers \$20 or \$50 which would make you feel so rich as a young kid. I always loved his stories and his joyfullness in life. He will be greatly missed.*

“Uncle Doc” as we always called him growing up was a major inspiration for my love and desire to become an architect as a kid. Although I didn't end up there, his passion was infectious and taught me the importance of bringing that same passion to every aspect of life. I always enjoyed visiting him and Aunt Florence in Myrtle Beach and will greatly miss the spark of life he always had. May he rest in peace.

“ I've often thought: "If I grow up to be half the man my Pop-Pop is, then I'll be a great success in all avenues of life." You are one of my greatest inspirers. I adore you. I miss you. I love you.

He was an inspiration to me as I was growing up. I was only 10 years old when he started dating my sister. He told me to go to school & set my goals high. Thanks Doc.
