“ Biggun was a great guy and a lot of fun. One time back in 1975, he was helping me paint my mother's 2-story house in Ironton. He was sitting on the scaffold mixing paint while I was on the ladder that was sitting on the scaffold propped against the house. Suddenly, everything started to fall, and Biggun was down from the scaffold so fast it was amazing; I never saw a man that big move that fast, and I was right behind him. We finished the house, and like most things you did with Biggun, it made the job fun. I wished I would have gotten to see Biggun in recent years. My heart goes out to the family; I am sure he will be greatly missed.##imported-begin##Greg Lynd##imported-end##
