We go so far back that even not talking for a time we just picked right up were we left off in life.
Miss you Brother 😞, Michael

“ Donny and I, and all the boys, grew up fast in Las Vegas. He lived just a few doors down from us. I tell you his family always made me wish to have a family like theirs myself someday. I thank Ken and Joyce for opening there home to is. Donny introduced me to Styx and Tom Petty and unicycle. We kept in touch, and I will always miss him. Love you Donny Miller, your little brother, James..

D was a fun little boy growing up with my son.....My memory is how jealous I was of his great head of hair!!! When I decided to be a hair stylist, he was one of my first BRAVE customers. When completed and he combed it his way, it looked like I had put a bowl on his head and cut around it!! Not my best effort, but I got no complaints.....He was a great guy that his friend, my son Steve & I lost contact with as he grew, but know he did things that made his family proud. He left us too soon and will be missed!! God Bless
