“ Please allow me to extend my deepest sympathy during this difficult time to your family. I know the pain of losing a someone close. The scriptures have really helped me and I wanted to share some with your family. Like, in knowing that Jehovah God loves us, he is near to those that are broken at heart and those that are crushed in spirit he saves - Psalms 34:18; Psalms 83:18. One day soon, "no resident will say: I am sick" - Isaiah 33:24. John 5:28,29 gives hope of a future resurrection and Revelation 21:3,4 speaks of a time when death, mourning, or pain will be no more. Jesus at John 11:11 said to his disciples, "Lazarus our friend has gone to rest, but I am journeying there to awaken him from sleep." We can have faith in these promises. I had also personally wondered why God has temporarily allowed the suffering and death that surrounds us. I found the answers in the bible. It can bring much comfort to know the answers. If you don't have a copy of the bible you can find an online bible and other comforting information at [www.jw.org](http://www.jw.org). Keeping you in my prayers. “ Ocean lakes was where my family and I spent our vacation every summer since 2000. I do not remeber what year we all first met "Tiki Don" but every year my family and I looked forward to seeing our favorite neighbor. In a way, we grew up with him. He always mentioned how much we have grown since the year before. A dear friend to everyone. He was just a genuine, outgoing, and happy man whose smile was contagious. Our family vacations will never be the same without being able to walk out onto the front porch and yell "Tiki Don" and getting a big wave and smile. Our prayers go out to "Tiki Kathy" and the rest of his family and friends. He was a very special person and touched so many people's lives, including mine and my family's.

“ "Tiki Don" as we called him will be missed dearly. My family and I first met Don about six years ago on our family vacation to Ocean Lakes. We were staying in the house two doors up from Don & Kathy. Don became an instant friend of the entire McKinney family. From that day forward we always looked forward to sharing our week cutting up with Don, and sometimes calling on him for favors. Don was always the same no matter what he was always willing to help you out, or invite you over for putt putt and corn hole. Our vacations will not be the same without "Tiki Don". You will be truely missed , may "God Rest Your Soul"! Our thought and prayers are with Kathy and the entire Ocean Lakes family.

“ We remember the good times and many laughs we had with Don as he built a house at Ocean Lakes that is shared by my family and the family of my brother. Throughout the building process, Don was easy to easy to work with and always had time to speak with us. As the house was built, Don got to know our entire family. It was always fun for our family to see Don on our vacations. We will miss him. Our thoughts and prayers are with the family.

“ We will remember the laughs we had with Donnie as he told his stories. He was always busy and moving but may stop by for a quick laugh several times a day. We appreciate that he was always kind to our young granddaughter. Every time he would see her, he made an attempt to put a smile on her face, too, We will miss you Donnie. May you rest in peace. “ We met Don in Sept '11 when he contracted to build our house. I always felt God sent him and referred to him as the "Contractor from Heaven". I dreamed and Don made all the plans a reality. He was so excited building our house with a kitchenette upstairs. The entire build was a pleasure and so much fun. Don told me he built a house with a #2 pencil and he did. He worked hard with his crew. He knew everyone and shared his friends with us. He brought smiles and laughter to all. We will treasure our memories with him forever and enjoy the home he built. He'll be missed tremendously. Kathy and family, you have our deepest sympathy. May God watch over you.

“ My heart goes out to his close family and friends! I havent had contact with my uncle Donnie ( thats what i called him when i was a little girl) in 20 yrs. or so. But i do remeber him as being my favorite uncle when i was a kid. Everytime i saw him he would go to the store and bring me and my sister Shannon a mickey mouse ice cream. Sometimes it was half way melted before he got it back to us. But he always made us smile. I had been looking for him for awhile now on facebook and threw the internet. I wish i would of found him before. He was in the same county and i didnt even know it. Just thought i would share a memory of him. RIP Uncle Donnie Wish i would've had the chance to know ya like all the other people that posted great memories of ya!! Keep smiling down on us. Always had a pretty smile!!!

“ Don was a friend first and a contractor second. He was so proud to build our house. I wish he could have finished the house and seen it filled with our stuff making it a home. We had talked about the parties we were going to have and all the meals he would share in our kitchen. No matter who finishes our home, it will always be Don's house. There is so much of him in the layout and design of each room. We looked forward to seeing all of the unique and special touches he had in store for us when we would come to Ocean Lakes. My wife and I lost a true and loyal friend that will be greatly missed. RIP my friend!

“ So many unanswered questions. Our hearts are heavy knowing you are gone. Your smile infected so many. You brought happiness to every one who knew you. You really were the all American, fun loving, good looking guy. I am so fortunate that you came into our lives and that we were apart of yours. Just your presence alone will be missed. Your loud voice, gorgeous smile, your stories, your advice and your "shout outs" will never be forgotten. You will always remain a part of our lives. Every time I see a #2 pencil, a worn out flip flop, the Cowboys or Gamecocks, the beach, or a box of keys, I will think of you, Don Skinner (D2). That old box of keys were not just keys to homes that you built, they were keys to each families heart and life in which you were always a welcome member of each family. I never received the "back crack" but I did get a hug that felt like God himself had wrapped his arms around me. Your physical body may be gone but your spirit will always be with us. May you rest in peace Brother and I have no doubt we will see you again.

“ I have had the pleasure of calling Don my friend for over 24 years. Back in October of 1989, one month after Hurricane Hugo destroyed the Grand Strand, Don hired a 21 yr. old kid with little experience in the construction business. From that point on, Don and I worked together building back Ocean Lakes under the watchful eye of Joe Brown, and of course Mr. Jackson (who called us his "boys"). For the next 3 1/2 years, you very seldom saw us apart. We worked hard and we played hard. I will always cherish those memories. So many thoughts run through my mind. Because of Don, I have a very successful construction business to this day. Not only was he a great friend but he also was a great teacher. I will be forever great full and he will be forever missed. I never got the chance to meet Kathy but I pray she finds peace in the days ahead.

“ Hello There---I would like to think I knew a side of Don that many did not. Yes it is true Don was a contractor, but he was also our neighbor and friend. However to me, he was much more. I remember watching him build his and Kathy's house. I remember meeting him for the first time and how from that day forward, our lives would never be the same. He would wait up for us to get down there and meet us at our car doors. Don taught me how to pitch horseshoes and I introduced him to smores. He took me for my first time to ALL the local hangouts and taught me how to karaoke at the Holiday Inn. We spent late nights in the tiki-hut watching television and waiting for the Apaches to circle. I also made sure we kept Don fed while Kathy was gone. He sure did love Mama's bacon (the real kind as he called it), eggs, and homemade biscuits. The fun, life loving side of Don is what everyone remembers. I knew and loved that side of Don, but I also loved the soft side as well. He watched me grow up. I remember the day he hugged me and told me how proud he was that I had graduated from high school. I was also on the phone when I heard him choke up after learning Daddy had cancer. He made sure we got through the tough times by putting a smile on our faces. I watched tears stream down his face when Daddy went to Afghanistan. He was so proud to call Daddy "his" soldier. He told me every time we spoke how proud of me he was that I was going to college to teach the kiddies. We thought of Don as a part of our family. His smile and our memories will forever live in my heart. And to Don I say---I will miss you Trump, Love Ivanka!

“ Don will always be remembered in a special place in our hearts for his bigger than life personality. He never failed to drive by our house without stopping to "Cut-Up" with us and leave us laughing out loud. He built our house for us and he put so much thought and care in the total package that we were beyond thrilled with the finished product. He was so much fun to work with through the building process, but better yet...he remained a true friend. He was so loved by us and every one that knew him.
