“ *I taught Donna when she was in 10th grade at Conway High School. I loved her so much even though I have not seen her in years. She was always so happy, smiling all the time. Her pictures are just as I remember her. I wish I had known of her visitation service earlier, for I would have been there tonight. Donna made my early years of teaching so special. May God lift you up as you remember all your wonderful years with her. My prayers are with you.*
