Tribute Wall

“ My deepest sympathies to William and family. Mrs. Cregan Doris meant so much to me since I met her when I was a student where she worked on Long Island many years ago. I had kept in touch with her all these years and only recently found out she had been ill. She was always there for me and wished we still lived closer when the family moved south. Doris will always have a place in my heart. All of you are in my thoughts and prayers.##imported-begin##Sharon Dua##imported-end##
