“ *Dr. Batson was my absolute favorite professor at Glenville State. I loved listening to his stories about his days working at the steel mills. His homemade chicken catcher story will forever be one of my favorites. He was a great God-fearing man. I have thought of him often over the years and hoped he was enjoying retirement with Paula. Love, hugs, and prayers to Paula and the family. Talk about him often to keep his memory alive, and may all his stories be forever retold.*

“ I had the great privilege of spending many hours with Chuck at Brookgreen. He shared his love of Brookgreen, of trivia, of family, of history and of life. He greeted guests and made them feel very special. We shared our families through many stories of visits and adventures. We became family as the years passed. His smile and warmth will always be a part of me. I know he is now at peace and is looking over Paula and his family.
