“ I first would like to thank all the family and friends that had called or came by to check the family and to share their feelings with all of us. Second I would like to say that she was a very beautiful, smart and caring woman. I am very lucky to have had my grandmother for the thirty-one years that I have been here. She was always and will always be there for me and my family. Her spirit I will take with me for the rest of my life till I am greeted again by her in heaven. I love you grandma! You will be missed in so many ways and I will never forget you! I will see you soon grandma!!!!##imported-begin##Shawn Hadden##imported-end##

“ When I was a little girl I was afraid of thunder. You told me it was only the angels bowling and I wasn't afraid anymore. When I tell my boys the same thing I always think of you. Now that you've joined the team I hope you show the other angels how it's done. I know we will take comfort in knowing you are watching over us in heaven. I'll miss you Grandma and I love you.##imported-begin##Michele Brincat-James##imported-end##
