“ Dear Nana, I was just getting ready to call you to tell you about my trip to Charelston over the weekend. Then thats when I got the call. I talk to you one day then your just gone the next. I dont know how to say goodbye. No matter how old or sick you got I always thought you would be around,you always were. Your the one I could go to when I was tired of everyone elses complaining. We could always find somthing else to talk about,or laugh about,and forget about everything else. If you could have just said goodbye I might be ok. But how do I say goodbye to someone that has been in my life for 31 years. Im 31 years old and I could still sit on the floor and put my head in your lap when I was having a bad day. Im not ready to say goodbye. So I'll just say see you later.And I will think of you in heaven with everyone dancing and having a good time. You have waited a long time to see Grandpa so give him a big hug and kiss for me. And tell Uncle Ernie, Uncle Larry, and Aunt Nellie hello and I miss them too.I love you Nana. See you later. Love always

“ My memories are only great ones, I made her look 20 yrs younger , and just hoped she felt it, as she did, I remember dottie as fun, smiles, laughter, she was in my life for only short time, but we made most of it. as one should do when time is of most essons. We laughted lots while I made her beautiful, as she was from inside out not outside in. we were both spoiled and we wanted to stay that way. It too bad that family dont quite get to enjoy the small things others do. Never the less, we all gain, and lose. As they say life goes on, but I am so glad I stop long enought to ejoy this lovly lady for a brief moment in time. with Gods Love and MY love,dottie is dancing in heaven today. to the family , is a great loss, but a great gain to heaven.###imported-begin###Phyllis Davis###imported-end##
