“ Dear Mom, "When I have come to the end of the road, I should like to look back and see that I have done my very best with the trust that's placed in me. I should like to know that I never have by action, word, or deed betrayed a given confidence, or forsaken a friend in need. I should like the consolation, when I've traveled the last mile, to know I've meant something to someone and caused those in sorrow to smile. I know that I shall be happy if in the heart of just one I can leave one lingering memory of something good I have done." I love you Mom.

What a beautiful letter to your Mom. You can feel very confident that you did your very best for your Mother to the very end. You meant so much to her and she took memories of all the good you did with her. You have been a wonderful daughter as I've witnessed myself. You should stand tall and feel proud! With Love, Nancy Jones

“ Will always remember Dottie & Ken as good friends, our dinners out, visits to each other's homes and of course the many rounds of golf at local courses and Cape Cod and of course South Carolina. Our sincere condolences to the entire family at this time of loss.
